we empower people.**

Fire Facts – Maryland 2026

Fire Facts returns to Maryland for a full day of practical, code-driven discussion built specifically for AHJs, Fire Inspectors, Fire Marshals, and fire protection professionals.

This year's seminar will focus on NFPA 72, with expert-led sessions designed to break down real inspection challenges, common deficiencies, and how the code applies in the field—not just on paper.

- In-depth NFPA 72 discussion
- Real-world scenarios and application
- Open Q&A (all questions welcome)
- Lunch and refreshments provided

Join us for a focused, collaborative day centered on strengthening knowledge, consistency, and life safety across the Mid-Atlantic. Space is limited.

October 27th, 2026

9:00am – 2:30pm (Doors open at 8:30am)

FREE (Lunch is included)

Maryland Fire & Rescue Institute

4500 Campus Dr, College Park, MD 20740
